ARTICULATION AGREEMENT

It is mutually agreed by Lourdes College and Northwest State Community College that Lourdes will accept transfer credit from Northwest State Community College for an Associate degree holder in the fields of Criminal Justice Law Enforcement, Criminal Justice Management, Criminal Justice Corrections, Probation & Parole, and Criminal Justice Computer Crimes Investigation.

This transfer of credit will apply only to holders of the Associate Degree in Criminal Justice Law Enforcement, Criminal Justice Management, Criminal Justice Corrections, Probation & Parole, and Criminal Justice Computer Crimes Investigation. Lourdes will transfer a maximum of 64 semester hours of C (2.0) grade or better into the Criminal Justice degree program and will allocate specific credit as it meets program requirements.

The allocation of advanced credit to the program will be the responsibility of the Criminal Justice Program Director, subject to the approval of the Vice President for Academic Affairs of Lourdes College.

Northwest State Community College will retain full responsibility for the educational program of its students. Furthermore, Northwest State Community College should inform Lourdes of changes in the curriculum or changes in the availability of learning opportunities as far in advance of the time of the change as is feasible. Failure to do so will prevent the articulation or transfer of credit.

The faculty and staff of both institutions are encouraged to visit each institution to plan, survey, observe and/or participate in conference with students and/or faculty.

An annual review of the agreement and the curriculum of both Lourdes College and Northwest State Community College will be made by representatives from each institution.

This Articulation Agreement may be terminated by either party upon written notice to the other six (6) calendar moths prior to the desired date of termination.

This Articulation Agreement will be in effect beginning May 1, 2002 and will be reviewed annually to insure any updates of courses from either institution are reflected for accuracy (unless terminated as stated previously).
