

ARTICULATION AGREEMENT
Lourdes University & Northwest State Community College
Social Work Program

It is mutually agreed by Lourdes University and Northwest State Community College that Lourdes University will accept transfer credit from Northwest State Community College.

Lourdes will accept up to 50% of the credit hours required toward a Bachelor's degree in transfer credit from Northwest State Community College at the grade of C (2.0) or better into the baccalaureate degree programs offered by the Lourdes University College of Education and Human Services and will allocate specific credit as it meets program requirements.

The allocation of advanced credit to the program will be the responsibility of the Dean of the College of Education and Human Services, subject to the approval of the Provost of Lourdes University.

Northwest State Community College will retain full responsibility for the educational program of its students. Furthermore, Northwest State Community College should inform Lourdes of changes in the curriculum or changes in the availability of learning opportunities as far in advance of the time of the change as is feasible. Failure to do so may prevent the articulation or transfer of credit. If a change is made in the outline of one of the Northwest State Community College courses referenced in the Articulation Agreement, the change will be summarized and recorded as an addendum to the agreement. Such action will not require re-approval of the document.
